

Parenting Partners

Equal yet different

Working in partnership means that different relationships feel equally valued, respected and heard. With this in mind, we strive to establish strong relationships with parents right from the onset. We aim to get to know you during your first appointment with us.

We work in partnership with parents in order to ease the transition as a child settles in. The settling-in process is important for the emotional well-being of both the parents and child. It is also the time where we develop a better and personal understanding of your child better.

We believe in providing easy communication between parents and practitioners as equals. Regular conversations are the way for anyone to raise any concerns, sooner rather than later, about a child's physical or emotional well-being, aspects of their development, as well as their patterns of behaviour.

Special Events

Nurtured Nest

Family Orientation

Open Atelier Day

Exhibition - 100 Languages

Conservation Week

Parent-Teacher Conference

Community Day

Global Village Day

Moving on Assembly

Performing Arts

Family Orientation

We will first invite you to a briefing before the new school year begins, whereby you will be given all the essential information for your child to start the school year at Nurtured Nest.

Open Atelier Day

This is where you will be invited to explore the atelier alongside your child.

Exhibition – 100 Languages

During this exhibition week, you will get to witness the 100 languages of children on display – a truly mesmerising exhibition.

Conservation Week

Conservation week is an annual event at Nurtured Nest filled with outdoor activities created for you and your family to engage with nature and help take care of it.

Creating change can be big or small, when we pull together, we can make a big difference.

Parent Teacher Conferences

It is important that we keep you updated of your child's learning progress. Hence, parent-teacher conferences are scheduled every term. You are free to choose the time slot for the conference and teachers are available for special conferences as necessary. We believe good communication between home and school is essential to the best learning environment for the child.

Community Day

What a better way to celebrate our splendid community than by inviting local suppliers to showcase their products. This day not only celebrates the value of connecting to each other, but also inspire in our children a sense of entrepreneurship.

Global Village Day

Diversity and multi-culturalism are bedrock to Nurtured Nest. We celebrate this special day by inviting you to bring a special traditional dish unique to your culture and to come in wearing your traditional attires.

Moving On Assembly

So, your child has gone through learning at Nurtured Nest, and now it's time to move on to primary school. What a better way to celebrate this next phase than assembling to celebrate their growth and achievements at Nurtured Nest!

Performing Arts

Be delighted by your child's creativity and talent at the end-of-the-year Children's Theatre where they will perform a piece they have been working on.
